

# Engineering & Innovation Champion

Are you inspired by the power of creativity, design, digital tools and innovation to transform the lives of students and teachers to be change makers in our world?

Do you have the skills, experience, passion and drive to help infuse new and emerging technologies throughout a community of over 1300 K-12 students and professionals?

Can you bring focus and purpose to open and expansive learning spaces, distilling moments of insight from excited noise and chaos?

Are you passionate about leading students to create their own meaningful change through design and construction using technology, engineering, coding, robotics and electronics?

**Do you have a passion for innovation & expert technical skills in some of these areas?**

robotics  
applied engineering  
electronics  
programming

CAD and 3D design  
VR/AR  
app development  
new media

interaction design  
multimedia creation  
web/graphic design  
game design

## Do you have experience with:

- Makerspaces, hacklabs, fablabs
- 3D printers, laser cutters, and other fabrication tools?

## Are you a/an:

- Coder, Maker, Tinkerer, Troubleshooter, Entrepreneur, Design-thinker
- Magnet for others - a "go to" person
- Eager and quick learner of unlimited potential?

## Do you believe in the transformative power of:

- Project-based learning
- Students who produce real-world work
- Infusing technical skills through multidisciplinary collaboration
- Publishing student work to the greater community in real or virtual presentations?

## By training, degree or affect, are you a:

- Teacher at heart who loves working with students of all ages?

## CO-DESIGN YOUR JOB

Embracing the powerful potential of ambiguity, we invite interested applicants to craft your job description. Full time? Part time? 10 or 12 months? Go ahead, make the pitch! Design a job description that best matches this opportunity. Include an example of your own creation – a product, multimedia production, project design, creative lesson, or anything else that demonstrates your capacity to best fill this job. Include a resume and send to: Howard Levin, Director of Educational Innovation, [howard.levin@sacredsfs.org](mailto:howard.levin@sacredsfs.org)
